NEWS RELEASE

For Immediate Release

To: Local Media
From: Katrina Harwood, Health Officer
Date: July 26, 2022

**Rock County Community-based COVID-19 Vaccine Clinic
Available Until End of July**

Rock County, WI – The Community-based Vaccine Clinic hosted by the Wisconsin Department of Health Services and operated by AMI Expeditionary Healthcare will transition to a mobile-only clinic in Rock County at the end of July. The clinic located at 1900 Center Avenue in Janesville will remain in operation until July 30, 2022. Sites and dates for mobile clinics will be announced as they are offered. Look for information on the Rock County Public Health Department’s website and social media accounts.

Through July 30, 2022, Rock County residents who would like to get vaccinated or boosted are encouraged to take advantage of this free community service. Pre-registration is available at vaccinate.wi.gov or by phoning 844-684-1064. Walk-ins are also welcome.

Hours through July 30, 2022:

Tuesdays 11am – 5pm
Fridays 11am – 5pm
Saturdays 11am – 3pm

The Pfizer, Moderna, and J&J vaccines are all available at this clinic. Booster doses are available for anyone who qualifies. There is no cost to participate, and no documentation or insurance is required. Everyone ages 6 months and older are welcome, however children under 18 years of age require parental consent and should be accompanied by a parent or guardian. Free rides are available. Call 211 to arrange a free ride.

To explore other Rock County options for vaccination, now and going forward, we encourage Rock County residents to visit the [Rock County Public Health Department’s website for COVID-19 information](#).

As always, please continue to wash your hands with soap and water, stay home if you are sick, and get [vaccinated](#) to protect yourself, your families, and your friends. Please also continue to [test](#) if exhibiting symptoms of COVID-19 or if you have been in close contact with anyone who has COVID-19, and then follow quarantine guidelines while you wait for your results. Follow isolation guidelines if you test positive.

Staying up to date on [vaccinations](#), wearing a mask and distancing in areas where transmission is likely to be high or there are individuals at high risk of becoming severely ill, staying home when sick, and testing to prevent spread to others remain our best protections against increased disease activity.

###

Rock County Public Health Department serves Rock County residents by improving population health outcomes and removing barriers through community partnerships to provide everyone the opportunity to reach their full health potential. Visit the Rock County Public Health Department website at www.co.rock.wi.us/departments/public-health and follow them on social media @rockcountyphd.
