7. Adjourn.

cc: All Committee Members City Administrator
All Council Members Department Heads
Newspapers

NOTICE: If a person with a disability requires that the meeting be accessible or that materials at the meeting be in an accessible format, call the City Administrator's office at least 6 hours prior to the meeting to request adequate accommodations. Telephone 884-3341.

Notice is hereby given that a majority of the Common Council is expected to be present at the above scheduled noticed meeting to gather information about a subject over which they have decision-making responsibility. The only action to be taken at this meeting will be action by the Public Safety Committee.

**SEPTEMBER 7, 2021 PUBLIC SAFETY COMMITTEE MEETING MINUTES
CITY OF EDGERTON**

Jim Burdick called the meeting to order at 6:24 p.m. Committee members present were Jim Burdick, Paul Davis, and Tim Shaw. Also present were Police Chief Robert Kowalski, City Administrator Ramona Flanigan, Mayor Chris Lund, Alder Candy Davis, Alder Casey Langan, Reporter Sam Martino, and Citizens.

Chief Kowalski confirmed the agendas were properly posted on Friday, September 3, 2021 at the Post Office, Edgerton Library and City Hall.

APPROVAL OF PUBLIC SAFETY MINUTES:

A Burdick/Shaw motion to approve the March 15, 2021 Public Safety Committee meeting minutes passed, all voted in favor.

DISCUSS HAIN ROAD ISSUES:

Chief Kowalski stated that since the construction on South Main Street began the department has received more complaints regarding people speeding on Hain Rd. The Chief stated that they moved the electronic speed sign to Hain Rd as well as having more officers patrolling the area. Chief Kowalski recommended purchasing more signage to put up temporarily on Hain Rd during the duration of the construction on South Main Street.

A Shaw/Burdick motion to approve the purchase of signs for Hain Rd not to exceed \$100.00, passed on a 3/0 roll call vote.

POLICE CHIEF REPORT:

Chief Kowalski stated that he is working on the budget and the two large items will be a new squad and new computers.

Kowalski also stated that he was selected to be the coordinator for the Emergency Operations Plan and is working on finalizing it.

The Police Department is currently fully staffed including one part time employee who is currently attending the Police Academy.

Alder Candy Davis asked if the new squad will be another electric vehicle. The Chief stated that it will be a hybrid.

Being no other business before the Public Safety Committee, a Shaw/Davis motion to adjourn passed, all voted in favor.

Robert Kowalski/Ino
Police Chief

City of Edgerton Emergency Operations Plan

CITY OF EDGERTON MUNICIPAL EMERGENCY RESPONSE PLAN *BASIC PLAN*

A. PURPOSE:

The municipal plan has been developed to provide procedures for the City of Edgerton municipal government agencies to respond to various types of emergencies or disasters that affect the community. It provides a link to procedures that will be used by state and county government since the City of Edgerton is part of the County Emergency Management Program. This specific municipal plan is to be used in conjunction with the appropriate county Emergency Response Plan (ERP). The municipal plan will be maintained in accordance with current standards of both Rock and Dane County's ERP and in accordance with City of Edgerton government. Review of this municipal plan may be accomplished concurrently with the Rock and/or Dane County ERP.

B. SITUATIONS AND ASSUMPTIONS:

Several types of hazards pose a threat to lives, property, or environment in the Edgerton area. These hazards are outlined in the County Hazard Analysis. A copy of this is located in the county Emergency Operations Centers (EOC).

C. CONCEPT OF OPERATIONS:

Municipal officials have primary responsibility for disasters which take place in the municipality. The City of Edgerton is responsible to activate the appropriate municipal agencies to deal with the disaster. The chief elected official and/or the City of Edgerton Municipal Emergency Government Coordinator is responsible for coordinating the response of municipal agencies and coordinating the response with Rock and/or Dane County officials if county assistance is necessary.

Actions the municipality and county should consider if this municipal plan is activated are as follows:

1. Municipal agencies assess the nature and scope of the emergency or disaster
2. If the situation can be handled locally, do so using the procedures in this plan as appropriate.
 - a. The Municipal Emergency Government Coordinator (EMC) advises the City Administrator and coordinates all emergency response actions.
 - b. The Mayor declares a local state of emergency and notifies the County Emergency Management Director of this action.
 - c. Forward the local state of emergency declaration to the County Emergency Management Office.
 - d. The EMC activates the EOC. The facility is located at Edgerton City Hall, 12 Albion St., Edgerton, WI. Alternate EOC's are the Edgerton Police Department,

215 West Fulton St., Edgerton, WI. and the Edgerton Fire Protection District, located at 621 N. Main St.

- e. Municipal emergency response officials/agencies respond according to the check lists outlined in the ESF's of the plan.
 - f. The City Administrator directs departments/agencies to respond to the situation.
 - g. The City Administrator and/or Municipal Emergency Government Coordinator will issue directives as to travel restrictions on local roads and recommends protective actions if necessary.
 - h. Notify the public of the situation and appropriate actions to take.
 - i. Keep county officials informed of the situation and actions taken.
3. If the City of Edgerton resources become exhausted or if special resources are required a request through Rock and/or Dane County assistance will be made to the County Emergency Management Director.
 4. If assistance is requested, the County Emergency Management Director assesses the situation and makes recommendations to the City of Edgerton Municipal Emergency Government Coordinator.
 5. County Emergency Management will do the following (to the extent appropriate):
 - a. Activate the appropriate county EOC.
 - b. Implement the appropriate county ERP.
 - c. Respond with county resources as requested.
 - d. Activate appropriate mutual aid agreements.
 - e. Coordinate county resources with municipal resources.
 - f. Notify Wisconsin Emergency Management (WEM) Regional Director.
 - g. Forward Uniform Damage Situation Report (UDSR) form.
 - h. Assist the City of Edgerton with prioritizing and allocating resources.
 6. If municipal and county resources are exhausted, the County Emergency Management Director can request state assistance through the WEM Duty Officer.
 7. If state assistance is requested, the WEM Administrator, in conjunction with the Regional Director, County Emergency Management Director, and City of Edgerton EMC assess the disaster or emergency situation and recommend that personnel, services, and equipment be made available for response, mitigation, or recovery.
 8. After completing the assessment, the WEM Regional Director immediately notifies the State WEM Administrator.
 9. The State Administrator of Emergency Management notifies the Governor and makes the recommendations.
 10. If state assistance is granted, procedures will be followed as stated in the Wisconsin ERP and the County ERP, in conjunction with the City of Edgerton ERP.

D. ORGANIZATION:

The organizational chart for the City of Edgerton is found in appendix A.

E. RESPONSIBILITIES AND TASKS:

See ESF's for plan of emergency responsibilities of key officials in the City of Edgerton, dictated by stated emergency.

F. RESOURCE MANAGEMENT:

Additional support from County Departments may include:

1. County Emergency Management
2. Public Works
3. Sheriff's Office
4. Public Health Department
5. Human Services
6. Medical Examiner
7. Other Departments as requested and available

G. MUTUAL AID RECIPROCAL AGREEMENTS:

Support from Private Agencies/Volunteer Groups:

1. American Red Cross
2. Salvation Army
3. School District of Edgerton
4. Clergy Associations
5. Social and Business Organizations

H. SUPPORT FROM STATE AND FEDERAL AGENCIES:

Information and assistance in securing state or federal support may be obtained by contacting the County Emergency Management Director. Requests for National Guard assistance should be channeled through the County Emergency Management Director to the WEM Regional Director who then channels the request to the WEM Administrator.

I. PLAN DEVELOPMENT AND MAINTENANCE:

The Edgerton EOP Development Team is composed of representatives from the Edgerton Police Department, Fire Department, City Administrator, City Clerk, City Treasurer, Rock and Dane County Public Health Officer, County Emergency Management, Public Works, EMS, and Rock and Dane County Human Services. These agencies are responsible for developing and maintaining this plan.

The development team meets on as needed basis or as determined by the Municipal Emergency Government Coordinator. The team reviews incidents, changes, and updates information as necessary and makes revisions in this plan.

City of Edgerton Emergency Operations Plan

The team also conducts after-action reviews of all exercises and coordinates critical incident de-briefings after all major incidents.

ATTACHMENT A

MAYOR/CITY ADMINISTRATOR KEY ACTION CHECKLISTS

The Mayor in conjunction with the City Administrator is responsible for the overall management of the City of Edgerton. The following tasks represent a checklist of actions that should be considered in an emergency or disaster situation.

The Mayor/City Administrator shall:

1. Ensure that the City Emergency Management Director or designated person has activated the Emergency Operations Center (EOC) or Command Post (CP).
2. Report to the EOC/CP.
3. Ensure that the City Emergency Management Director or designated person provide an initial damage assessment and casualty report.
4. Ensure that the City Emergency Management Director and city officials brief the EOC staff as to the status of the disaster.
5. Mayor to be ready to issue a proclamation of emergency.
6. Appoint the Public Information Officer (PIO)
7. Ensure the city Public Information Officer (PIO) and/or designated person is notified and reports to the EOC.
8. In consultation with the City Emergency Management Director, determine whether or not county, state or federal assistance should be requested. (City/county resources must be fully committed before state or federal assistance will be available. If assistance is requested, specify the type and amount of assistance needed.)
9. Activate the Damage Assessment Team.

ATTACHMENT B

CITY EMERGENCY MANAGEMENT DIRECTOR KEY ACTION CHECKLISTS

The Chief of Police will serve as the Emergency Management Director unless the Mayor appoints an alternate Director. The City Emergency Management Director coordinates all components of the emergency management program in the City of Edgerton. This includes hazard analysis, preparedness, mitigation, response and recovery activities for all natural and technological disaster/emergencies. The following tasks represent a checklist of actions the Director should consider.

CITY EMERGENCY MANAGEMENT DIRECTOR SHALL:

1. Ensure that city officials and county emergency management director(s) have been notified, key facilities warned, sirens activated, etc.
2. Activate the City/Municipal EOC (see EOC alerting list). Make sure that it is fully operational and that EOC staff have reported/are reporting to it.
3. Appoint a Warning and Communication Coordinator
4. Obtain initial Uniform Disaster Situation Report (UDSR) and other relevant information. Relay this information to the Mayor/City Administrator and to the County Emergency Management Director.
5. Conduct regular briefings of EOC staff as to the status of the situation.
6. Evaluate available resources, including personnel, by checking with EOC staff. If deficiencies exist, take action to obtain the needed resources.
7. Ensure that all department/ agency heads have begun to keep separate and accurate records of disaster-related expenditures.

ATTACHMENT C

CITY CLERK KEY ACTION CHECKLISTS

The City Clerk is responsible for their assigned activities in the City of Edgerton. The following tasks represent a checklist of actions this department should consider in an emergency or disaster situation.

CITY CLERK SHALL:

1. Report to the City EOC/CP.
2. Maintain records indicating city expenses incurred due to the disaster.
3. Assist in the damage assessment process by:
 - a. Provide information regarding the dollar value of property damage as a result of the disaster.
 - b. Provide information (name, telephone number, etc.) regarding the owners of property which has been damaged/destroyed as a result of the disaster.

ATTACHMENT D

CITY TREASURER KEY ACTION CHECKLISTS

The Treasurer is responsible for their assigned activities in the City of Edgerton. The following tasks represent a checklist of actions this department should consider in an emergency or disaster situation.

CITY TREASURER SHALL

1. Report to the City EOC/CP.
2. Maintain records indicating city expenses incurred due to the disaster.
3. Assign department directors account numbers to which emergency expenditures may be charged.
4. Delegate authority to department directors to permit acquisitions of equipment and supplies needed following a disaster.

ATTACHMENT E

WARNING/COMMUNICATIONS KEY ACTION CHECKLISTS

The Warning and Communications Coordinator is responsible for warning and communications in the City of Edgerton. The following tasks represent a checklist of actions this function should consider in an emergency or disaster situation.

The Warning and Communications Coordinator will work with the County 911 communications center and the County Emergency Management Directors who are responsible for warning and communications activities in the City of Edgerton. The following tasks represent a checklist of actions this department should consider in an emergency or disaster situation.

1. Advise the following:
 - a. Municipal elected official
 - b. Municipal Emergency Management Director
 - c. County Emergency Management Director
 - d. Municipal Emergency Operations Center representatives
 - e. Special facilities i.e. hospitals as needed.
2. Ensure all agencies represented in the municipal EOC have communications both to their staff at their department offices and their staff at the incident site.
3. Activate public warning system (siren). Develop assignment on how alert, watch and warning would be handled prior to a disaster or emergency situation.
4. Establish communications with county EOC if activated or the county emergency government office.

ATTACHMENT F

LAW ENFORCEMENT KEY CHECKLISTS

The City of Edgerton Police Department is responsible for law enforcement activities. The following tasks represent a checklist of actions this department should consider in an emergency or disaster situation.

1. Ensure that all police department staff has been notified and that they report as situation directs.
2. Direct the designated law enforcement representative to report to the City EOC.
3. Secure the affected area and perform traffic and crowd control.
4. Participate in warning the public as situation warrants.
5. Determine scope of incident as to immediate casualties/destruction and whether the incident has the potential to expand and escalate.
6. Direct officer(s) to close off the damage site and to stop all in-bound traffic. Set up an emergency pass system.
7. Report above information to appropriate law enforcement agencies.
8. Establish initial command until relieved.

Other responsibilities may include:

- a. Enforce curfew restrictions in the affected area.
- b. Coordinate the removal of vehicles blocking evacuation or other responses activities.
- c. Assist with search and rescue activities.
- d. If the county EOC is activated, establish and maintain contact with the person representing law enforcement.
- e. Try to anticipate the departments need for manpower and equipment 20-hours in advance. If additional assistance is needed, utilize mutual aid agreements with other police departments.

ATTACHMENT G

HUMAN SERVICES KEY ACTION CHECKLIST

This attachment is designated to provide the County Department of Social Services with the responsibility for providing human services within the municipality. However, a liaison from the municipality should be appointed to assist the County Human Services Officer with implementing the tasks assigned in the County EOP. It is recommended the person selected be from a department or agency within the municipality with human service type responsibilities. The person selected should be familiar with the human services annex of the County EOP so that human service tasks in this municipal plan are consistent with those assigned in the county plan. This person will work closely with the County Human Services Officer so that municipal/county resources can be prioritized and coordinated. This attachment is designed to identify the person in the municipality responsible for human services activities and provides a list of actions this person will consider when this municipal plan is activated.

A representative appointed by the Edgerton Hospital Administration or Edgerton Fire Protection District EMS will serve as the Human Services coordinator in Edgerton and is responsible for human services activities in the City. The coordinator will organize human services activities with a representative from the Rock and /or Dane County Department of Social Services. This person will keep the County Human Services Officer informed of all human services activities performed, underway, or planned within the municipality. The following tasks represent a checklist of actions this person must consider in an emergency or disaster situation.

1. Coordinate activities of municipal agencies/departments which provide human services type service.
2. Report to the Emergency Operations Center.
3. Coordinate with Red Cross in opening and managing shelters in the municipality.
4. Ensure canteen is set up to feed emergency workers in the municipality.
5. Work with Red Cross/Salvation Army in providing food and clothing to disaster victims.
Provide emergency assistance to persons with special needs.
6. Provide necessary outreach services to citizens affected by emergency or disaster.
7. Distribute emergency literature to disaster victims giving instructions and assistance pertaining to their immediate needs.
8. Provide psychological counseling and crisis intervention to disaster victims.
9. If County EOC is activated, establish and maintain contact with the person representing Human Services. If the County EOC is not activated, establish and maintain contact with

the County Human Services Officer directly at the County Department of Social Services.

ATTACHMENT H

MUNICIPAL SERVICES KEY ACTION CHECKLIST

This attachment is designed to identify the department or agency in the municipality responsible for public works activities and provides a list of actions this department/agency should consider when this municipal plan is activated. This department/agency, upon notification, may respond directly to the EOC/CP.

The Utilities and Public Works Departments are is responsible for municipal activities in the City of Edgerton. The following tasks represent a checklist of actions this department should consider in an emergency or disaster situation.

1. Ensure that all department personnel have been alerted and that they report as the situation directs.
2. Municipal Services Director report to the City EOC/CP.
3. Review the disaster situation with field personnel and report situation to the City Emergency Management Director.
4. Maintain water and Sanitary sewer services.
5. Maintain transportation routes.
6. If necessary, coordinate flood fighting activities, including sandbagging, emergency diking, and pumping operations.
7. Coordinate with law enforcement travel restriction/road closures within the city.
8. Provide emergency generators and lighting.
9. Assist with traffic control and access to the affected area (barricades, etc.).
10. Assist search and rescue activities as may be requested (equipment, etc.).
11. Assist private utilities with the shutdown of gas and electric services.
12. As necessary, establish a staging area for public works.
13. Report public facility damage information to the Damage Assessment Team.
14. If the County EOC is activated, establish and maintain contact with the County Highway Commissioner.

ATTACHMENT I

PUBLIC INFORMATION KEY ACTION CHECKLIST

The Public Information Officer (PIO) is responsible for public information activities in the City of Edgerton. The public information officer shall be designated by the Mayor or City Administrator and is responsible for public information activities in the City of Edgerton. The following tasks represent a checklist of actions this person should consider in an emergency or disaster situation.

1. The Public Information Officer (PIO) will function as sole point of contact for the news media and public officials.
2. Maintain liaison with the EOC and CP in order to stay abreast of situation.
3. Establish news media briefing room and brief the media at periodic intervals.
4. If the situation escalates and the County EOC is activated, coordinate with the County PIO to prepare news releases.
5. Conduct press tours of disaster area within the municipality as the situation stabilizes.
6. Assist the county in establishing a Joint Public Information Center.
7. Assist the county with establishing a Rumor Control Center.
8. Issue protective action recommendations or public service advisories as directed by the EOC Director.

ATTACHMENT J

FIRE SERVICES / EMERGENCY MEDICAL SERVICES KEY ACTION CHECKLIST

The Edgerton Fire Protection District is responsible for fire services and Emergency Medical Services activities in the City of Edgerton. The following tasks represent a checklist of actions this department should consider in an emergency or disaster situation.

1. Establish and/or respond to designated staging area, CP or City EOC as directed by on-scene personnel.
2. Assign a command level officer to Unified Command.
3. Attempt, to the extent possible, to contain, control, or confine uncontrolled hazards involved or impacted.
4. Assist law enforcement in warning the affected population.
5. Rescue injured/trapped persons.
6. Protect critical facilities and resources.
7. Designate a person to record the arrival and deployment of emergency personnel and equipment.
8. Assist law enforcement with evacuation, if needed.
9. Assist in evacuating nursing homes, hospitals, and other medical facilities as needed.
10. Coordinate emergency medical care to victims (hospital and ambulances).
11. Establish a triage area for victims.
12. Coordinate a staging area for the Fire Department.
13. Will assist and coordinate with the appropriate utility company the shutting off of the appropriate utilities.

Other responsibilities may include:

- a. Assist with traffic control.
- b. Assist with debris clearance.

- c. If the county EOC is activated, establish and maintain contact with the person representing fire services.
- d. If the Regional Hazardous Materials Team is needed for a Level A response, obtain assistance through the WEM Duty Officer.
- e. If additional assistance is necessary, utilize mutual aid agreements and/or contracts with other fire and EMS departments.

ATTACHMENT K

DAMAGE ASSESSMENT KEY ACTION CHECKLIST

The Damage Assessment Team is responsible for damage assessment activities in the City of Edgerton. The damage assessment team consists of the following municipal departments/agencies: Public Works personnel, Utilities personnel, Building Inspectors, consulting engineers and others to be determined depending on the event.

The following tasks represent a checklist of actions this team should consider in an emergency or disaster situation.

1. Report to the City EOC or Command Post as directed.
2. Record initial information from first responders such as law enforcement, public works or fire services.
3. Engage drone operators.
 - a. Within first 2-3 hours: Complete preliminary UDSR:
 - i. Number of fatalities.
 - ii. Number of critical/minor injuries.
 - iii. Number of homes/businesses damaged/destroyed.
 - iv. Number of power/telephone lines/poles damaged.
 - v. Number of public facilities such as highways, roads, bridges, etc. damaged.
 - vi. Number of people who are homeless or in shelters.
 - b. Within 8 hours
 - i. Recount items above.
 - ii. Complete another UDSR, estimating public and private damage.
 - iii. Videotape and/or take photos of major damage.
 - c. Within 24 hour
 - i. Update items above.
 - ii. Complete updated UDSR.
4. Provide damage assessment information to the appropriate city officials and county emergency management director to assist in the preparation of the UDSR.
5. If the situation warrants, assist the Mayor/City Administrator with the preparation of a local state of emergency declaration and forward to the County Emergency Management Director.
6. Plot damage assessment information on status board in the municipal EOC and locate damaged sites on a map.

7. Record all expenditures for municipal personnel, equipment, supplies, services, etc., and track resources being used.
8. Prepare reports for the municipal Public Information Officer.

RESPONSE CHECKLIST

Response Issues

- A. Direction and Control / Incident Command
 - Set up Incident Command/Unified Command, Span of Control and Unity of Command.
- B. Size up the Incident
 - Determine the size of the area affected, population characteristics and economic profile of the area.
- C. Search and Rescue
 - Search the damaged area and rescue the injured.
(Any recovery of bodies will be coordinated with the County Medical Examiner's Office)
- D. Damage Assessment
 - Activate damage assessment team composed of people familiar with property value.
Damage assessment is important to secure state and federal assistance.
We can't deliver state and federal assistance unless we know your needs.
- E. Public Information
 - Designate people to provide information to the media.
Establish a location to meet with the media away from your EOC.
Inform citizens of the status of the response and the recovery.
- F. Track citizens' needs
 - Designate someone to keep track of requests for assistance and the delivery of that assistance.
- G. Track offers of assistance
 - Be prepared to deal with voluntary help-there will be a lot.
Designate someone to keep track of offers of assistance.
Appoint a volunteer coordinator, and well as designate volunteer staging location(s)
Discourage shipments of donated goods.
Identify a location to store donated goods.
- H. Debris clean up and disposal
 - Work with DNR on proper disposal of debris.
Inform the public of proper separation and disposal of debris.
- I. Obtain outside assistance (mutual aid)
 - Activate your mutual aid agreements as necessary.
- J. Determine public health issues
 - Address health issues such as safe water and food, disease, mental health as they relate to both victims and responders.
- K. Site security/pass system
 - Establish a pass system to access the area.
Relates to security and orderly clean up and repair of the affected area.

Response Timeline:

A. 0-2 Hours

- Establish Incident Command System, and transition to Unified Command as soon as possible.
- Notify all of the agencies with a role in your plan
- Determine the size and nature of the area affected by the disaster
- Determine the number of people, buildings and businesses affected by the disaster
- Conduct search and rescue operations as needed
- Open shelters as needed
- Determine if the area needs access control and set up road blocks
- Begin clearing roads and streets, in coordination with gas and electric utility crews.
- Begin to determine the types and amount of outside assistance you may need
- Notify the County Emergency Management Director
- Notify Wisconsin Emergency Management
- Designate a single multi-agency PIO, and begin public information activities and issue protective actions for the public if necessary
- Hold one or more Command Staff briefings
- Consult your agency's Response Checklist
- Activate mutual aid agreements
- Consider the need to declare a State of Emergency
- Contact the appropriate agency to deploy drone assets.

B. 2-4 Hours

- Contact drone operators
- Continue search and rescue operations if necessary
- Continue public information activities
- Consider the need for 24 hour operations and the establishment of 12 hour shifts
- Continue shelter operations as needed
- Inform the hospital(s) of potential casualties
- Begin preparations for establishing a Pass System
- Activate damage assessment team
- Assign people to handle request for assistance and to track the needs of Special Populations
- Assign people to track request for information on disaster victims
- Assign people to track offers of assistance and donations
- Continue clearing roads and streets, in coordination with gas and electric utility crews.
- Determine how debris will be disposed
- Begin to determine the public health effects of the disaster

- Begin to consider the needs of Special Populations
- Begin to take care of the needs of the responders
- Consult your agency's Response Checklist
- Hold one or more Command Staff briefings

C. 4-12 Hours

- Continue search and rescue operations if necessary
- Continue public information activities
- Prepare for the next operational period to take over
 - Establish Logistics and Planning Sections under the Unified Command Structure, and designate a Logistics Planning Section Chief and Planning Section Chief to begin planning and coordinating multiple operational period efforts if required.
 - Consider the need for ongoing mutual aid
- If necessary, activate the Pass System
- Continue to inform the hospital(s) of potential casualties
- Continue Damage Assessment activities, compile the information collected by the Damage Assessment teams and report to the state
- Continue clearing roads and streets, in coordination with gas and electric utility crews.
- Take debris to an appropriate landfill
- Prepare a prioritized list of repairs to critical facilities and transportation routes
- Begin cleanup activities on public and private property
- Continue to track the request for assistance and the needs of Special Populations
- Continue to track request for information on disaster victims
- Continue to track offers of assistance and donations
- Continue shelter operations as needed
- Address the public health needs of the disaster victims and responders
- Take care of the personal needs of the responders
- Conduct several Command Staff briefings
- Consult your agency's response checklist
- Brief the next shift
- Coordinate with utilities in the restoration of service
- Anticipate and address Public Health issues

D. 12-24 Hours

- Transition to second operational period resources if the duration of the event dictates.
- Continue search and rescue operations if necessary
- Continue public information activities
- Continue operation of the Pass System if necessary

- Continue Damage Assessment activities and submit UDSR
- Continue repairs to critical facilities
- Consider the need for ongoing mutual aid
- Inform the hospital(s) of casualties as necessary
- Continue cleanup activities on public and private property
- Take debris to an appropriate landfill
- Coordinate with utilities in the restoration of service
- Continue shelter operations as needed
- Keep records of agency expenses
- Anticipate and address Public Health needs
- Track the request for assistance and the needs of Special Populations
- Continue to track request for information on disaster victims
- Conduct several Command Staff briefings during each shift
- Brief the next shift

E. 24-48 Hours

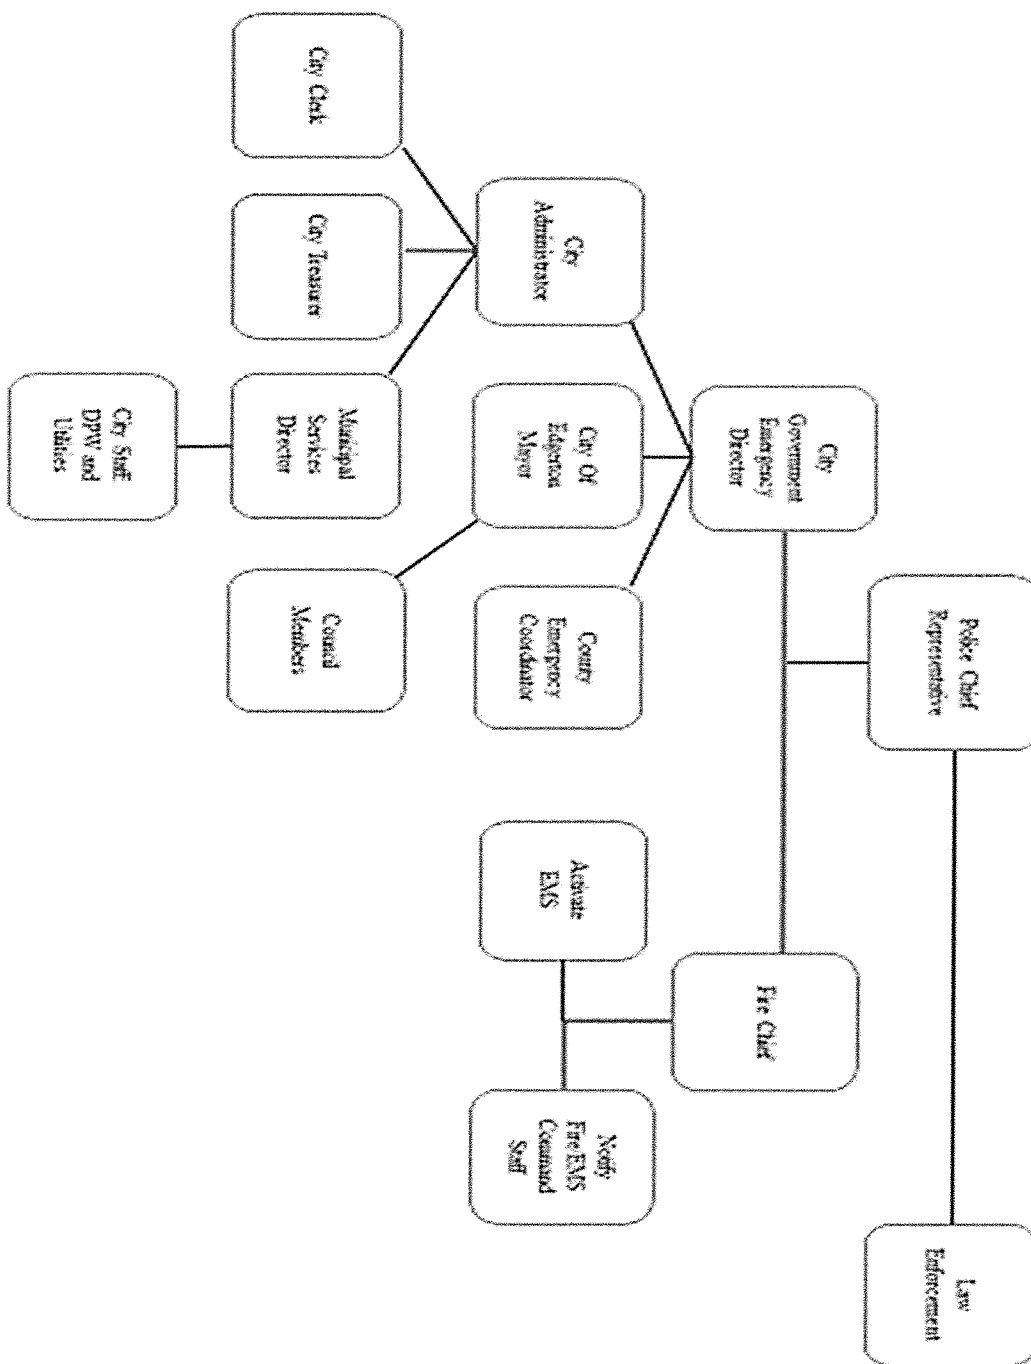

- Transition to third operational period resources if the duration of the event dictates.
- Continue search and rescue operations if necessary
- Continue public information activities
- Continue operation of the Pass System if necessary
- Continue Damage Assessment activities and submit UDSR
- Continue repairs to critical facilities
- Consider the need for ongoing mutual aid
- Continue cleanup activities on public and private property
- Take debris to an appropriate landfill
- Coordinate with utilities in the restoration of service
- Continue shelter operations as needed
- Keep records of agency expenses
- Anticipate and address Public Health needs
- Continue to track the request for assistance and the needs of Special Populations
- Continue to track request for information on disaster victims
- Coordinate activities of volunteers assisting with cleanup efforts
- Begin planning for reentry and long term recovery
- Conduct several Command Staff briefings during each shift
- Brief the next shift

F. 48 Hours and beyond

- Transition to next operational period resources if the duration of the event dictates.
- Continue public information activities

- Continue operation of the Pass System if necessary
- Continue Damage Assessment activities and submit UDSR
- Provide updated damage estimates to the state
- Consider the need for ongoing mutual aid
- Inform the hospital(s) of casualties as necessary
- Continue cleanup activities on public and private property
- Take debris to an appropriate landfill
- Coordinate with utilities in the restoration of service
- Continue shelter operations as needed
- Keep records of agency expenses
- Anticipate and address Public Health needs
- Continue to track the request for assistance and the needs of Special Populations
- Continue to track request for information on disaster victims
- Coordinate the activities of volunteers assisting with cleanup efforts
- Continue planning for reentry and long term recovery
- Provide people to participate in the Preliminary Damage Assessment
- Conduct several Command Staff briefings during each shift
- Brief the next shift

Solar Sign Alerts

*Warning Lites Of Southern Illinois, LLC. is the Master Distributor
of K&K products in the Midwest

Solar Sign Alert Systems

Solar-Powered LED Inserts for Highway Signs

Brighter signs mean safer roads.

K&K Systems' Solar Sign Alert Systems are powered by a solar panel and designed to enhance the visibility of highway signs in any weather conditions to increase road safety. With Sign Alert's ultra-bright LEDs, drivers are cautioned in advanced of dangerous intersections or curves, hazardous road conditions, or entering work zones or school zones and much more. K&K's smart controller allows our sign alert systems to preserve energy and battery life with its auto-dimming feature while maintaining brightness. K&K Sign Alert Systems paired with K&K SMART Add-Ons can be activated using our moisture sensor, radar sensor, high water sensor, push button, key fob remote, or by using any one of our timing systems such as the CrossTalk. Any sign can be a Sign Alert! Download our Sign Alert app for Apple or Android to build your own Sign Alert and get an instant quote.

K&K Systems, Inc. has been serving the traffic industry since 1997. Since that time we have become a leader in the traffic safety industry. K&K Systems offers a complete line of traffic safety products that include solar beacons, variable message boards, arrow boards, radar speed monitors, solar school zone flashers, solar 24-hour stop beacons, solar 24-hour warning flashers, and many other quality products that serve our industry today.

Should K&K not have a system that meets your needs, we will custom design a system to meet your specifications.

*Warning Lites Of Southern Illinois, LLC. is the Master Distributor of K&K products in the Midwest

Regulatory Signs

Solar Stop Sign Alert, Solar Yield Sign Alert, Solar Wrong Way Sign Alert, and many more! K&K Systems can make any sign a Sign Alert Sign. If you don't see a sign you need, contact our sales department for a product quote.

School Signs

K&K Systems' Solar School Sign Alerts feature high-intensity LEDs that can be programmed to activate during specific times of the day to reflect when students are present using one of three methods:

- **7-Day Timer**
- **CrossLink** which allows users to schedule times wirelessly via computer for a single location.
- **Web-Based** which allows users to schedule or activate multiple sign alerts at multiple locations.

Our timer-activated systems are easy to use no matter the system you choose. See the back page for more information.

*Warning Signs of Southern Illinois, LLC is the Master Distributor of K&K products in the Midwest.

Construction Signs

K&K Systems' Solar Alerts Construction Warning Signs are designed for areas that are under long-term or short-term construction. They alert vehicular traffic to use extreme caution when approaching the area due to working personnel and equipment, changing road surfaces, as well as, lane or route reconfigurations. Our high-intensity signage is optimized with LED inserts that enhance the visibility of the sign to provide an advanced systems that can be activated using any of the options on the back of this brochure.

SMART Sign Alerts Systems Add-On Activators

Remote Activator Designed for areas that need hazard beacons to be activated only in emergency situations such as fire stations, ambulance bases and other emergency vehicle facilities. Using the system's wireless remote control, emergency personnel can activate the beacons to alert traffic to use extreme caution when approaching area.

Moisture Sensor The moisture sensor activates the sign alerts when it detects moisture. The system deactivates when wet conditions subside. This system is ideal for locations known for moist conditions that could cause traffic accidents due to slippery roads.

High Water Sensor K&K Systems' Sign Alerts can be equipped with a high water sensor for locations known for flooding. When water levels rise above the sensor, the Sign Alerts LEDs are activated. The system is deactivated once the water level lowers below the sensor.

Radar Activated Sensor Exercise paths that intersect with roads, roadways that wildlife frequently cross, golf cart crossings and more utilize the K&K Sign Alerts with radar-activated sensors. When the radar sensor detects movement within close proximity of the road, the warning LEDs will activate. The system deactivates when no movement is detected.

CrossTalk K&K Systems' CrossTalk device is a compact, all-in-one solar controller, flasher, auto-dimmer and scheduler that is programmed using CrossLink or cellular service. The CrossTalk is located inside the control cabinet. CrossTalk can be used from a central office to control a single sign or multiple signs at multiple locations by programming through the web interface.

CrossLink CrossLink is a USB-connected device that works in combination with K&K Systems' CrossTalk to control and program alert signs directly from your computer using K&K Systems' software. Program sign alerts flashing schedule for an entire year for school zones and other facilities that have set hours easily and quickly.

CrossTalk CrossWalk

Designed for pedestrian street crossings where people need to cross safely. Pedestrians simply press the button to activate the CrossTalk device located inside the control cabinet. The CrossTalk tells the sign alert to activate and communicates wirelessly to the unit on the opposite side of the street to activate that sign alert. The sign will flash/activate for the programmed amount of time.
